# **FALCON 50**

The **Falcon 50** is able to complete intercontinental flights, and still maintain a short takeoff distance providing a great balance between speed, range and payloads. The roomy cabin on this aircraft, measuring more than twenty-three feet long, is configured with eight individual captain seats allowing the passengers ample space to relax and work in comfort. The three engines provide ample thrust on takeoff to perform well at altitude airports and short runways. The aircraft has been fully updated, and has state-of- the-art cabin amenities, electronics and free domestic Wifi Gogo (L5 AVANCE).

Upgraded to Falcon EX interior | Refurbished interior in 2022 New paint in 2022 | Entered charter for the first time in 2022 | Airframe 1993

MAX PASSENGERS
9 SEATS
